

Do you struggle to express yourself confidently in English?

Welcome to Free Speaking — a new AG starting next year!

Whether it's giving presentations, debating a topic, or just speaking up in class — it can feel intimidating. But you're not alone. And you're not bad at English — you just need a space to grow.

We're creating a safe, supportive space where you can:

- Practice **speaking English freely** — no grades, no pressure
- **Build confidence** in presentations, discussions, and debates
- Improve your fluency and learn to **speak your mind** clearly

Who can join?

- Everyone in grades 9, 10, and 11 is welcome — whether you love English or just want to feel more confident with it.

Who are we?

- We're Finja Kesemeier and Rikus Kruse from IBQ1, and we'll be leading this AG together.
